Southern Baptists: A praying people impacting a lost world

A young Thai woman wants to communicate with God, and she is learning how to do so as she hears the "Creation to Christ" story. Many Bangkok Metro team members share the story through their English classes. One high school student said that the Creation story helped him to understand what happened in the beginning. A group of architects are hearing the story for the first time. Their reaction so far has been very positive.

PRAYER REQUEST:

- * Please pray that missionaries will be strengthened in their resolve and faithfulness to share the story even when people reject the truth or seem disinterested.
- * Intercede for all individuals and groups who are bound up in the untruths of their traditional beliefs.
- * Thank the Lord for revealing Himself clearly, ever since the creation of the world.
